

Fall 2019 Enrichment Calendar

Our school offers many enrichment programs for the children. These programs are scheduled on Tuesday or Thursday afternoons when there are no classes being held. This year we will be organizing enrichment classes into 3 sessions: Fall Session (September, October, November), Winter Session (December, January, February) and Spring Session (March, April, May). We are hoping this will allow for many children to participate and help parents organize their calendars! Please see below to find out enrichment classes being offered during our Fall 2019 Session.

Science for 4 and 5 Year Olds - Calling all scientists (ages 4 and 5)! During this session, we will be exploring the season of Autumn. The class will include experiments, nature-related literature and play, as well as suggestions for having fun with science at home. Students will need to **pack a lunch (peanut/tree nut free)**.
